Special pavement markings and signs identify the lanes. Markings and signs may also be used to encourage cars to share the road – at least 4 feet away from the side of the road. Shoulder bikeways have signs identifying them as a bike route.

**Sharing the Trail**

- Be careful at crossings. Look both ways.
- Slow down when there are lots of people.
- Watch for children, especially near schools.
- Be aware of cars and trucks.
- Never ride against traffic.

**Always**

- Watch for the ‘Right Hook’!

**Sharing the Road**

- Ride in a straight line. Avoid weaving between parked cars. Ride as wide as possible. Be alert for other bikers and cars.
- Keep your bike lights on and visible to others.
- Never ride against traffic.

**Riding with Traffic**

- Do not ride in the bike lanes provided along roads.
- Always follow the rules of the road.
- Be aware of cars and trucks.

**Bike-to-Bus**

- People Mover buses can hold adult and child-sized bikes as well as fat tire bikes.
- Always approach the bike rack from the side to avoid accidents.
- Make sure your bike fully clears the bus door – at least 4 feet away from the side of the bus.
- Remove packs, accessories, and water bottles from your bike before loading it on the bus. If you are concerned about the safety of your bike, please call the fleet office at 455-2400 to reserve the bike fixture for your bike.
- When loading, make sure the bike is secure in the rack before moving your bike. Note: Croatia or curb bike racks are not available on the bus.
- Ask the driver if you have any questions about carrying your bike on the bus.
